Implement the National Incident Management System and National Response Plan: DHS Funded Activities

Allocations

**Homeland
Security**

Implement NIMS and NRP Allocations

Purpose and Methodology

Purpose

Implement the National Incident Management System and National Response Plan: DHS Funded Activities highlights major state, urban area, regional, local and territory initiatives designed to establish or enhance the national incident management system and national response plan which are funded with Department of Homeland Security grant programs including, but not limited to, the Homeland Security Grant Program (HSGP) and the Urban Area Security Initiative (UASI).

National Priority

Implement the National Incident Management System and National Response Plan

Methodology

The projects described in this report have been reported directly to the Department of Homeland Security Federal Emergency Management Agency by state and local users of the Grants Reporting Tool (GRT) through the submission of their Bi-annual Strategy Implementation Report (BSIR).

Project type searches were performed on the fiscal years 2004, 2005, 2006 and 2007 BSIRs from the December 2007 calendar year submission. This report displays only the following Project Types: Adopt and implement NIMS to include integration of core concepts into plans and procedures; Develop / enhance homeland security / emergency management organization and structure; and Establish/Enhance emergency plans and procedures to reflect the National Response Plan. Previous submissions were used for the states and territories shown below due to the status of those submissions at the time of this report. FY 2004 Dec 2006: CO, DC, MD, and PR. FY 2004 June 07: ME. FY 2005 Dec 2006: PR. FY 2006 June 2007: PR. The following states and territories were not in Approved by FEMA or Submitted to FEMA status at the time of this report for Fiscal Year 2007: MD and PR. The data is subject to change before approval.

From this keyword search report, project titles, types, descriptions and other details were extracted to provide the narrative State Summaries provided herein.

For more information on the sources as well as specific caveats to the data contained in this report, see the section entitled "Notes and Sources."

Methodology

Implement the National Incident Management System and National Response Plan Allocations State Summary

Implement the National Incident Management System and National Response Plan: DHS Funded Activities Allocation Summary by state and territory for Fiscal Years 2004, 2005, 2006 and 2007.

<i>State</i>	<i>FY 2004</i>	<i>FY 2005</i>	<i>FY 2006</i>	<i>FY 2007</i>	<i>Total</i>

Fiscal Year 2004	\$66,527.06
Fiscal Year 2005	\$1,303,449.00
Fiscal Year 2006	\$3,572,781.36
Fiscal Year 2007	\$474,780.32
Total	\$5,417,537.74

Current Initiatives

Project Title: Continuity of Operations Planning

Project Description: Continuity of operations plans and procedures will be developed for county government and for each of the seven municipalities in the county.

2004 Funding: \$40,000.00

Project Title: Marion County Emergency Responders

Project Description: To provide the Emergency Response Community with equipment, training, skills, and knowledge that will better prepare them to mitigate or respond to an act of terrorism in or near Marion County.

2005 Funding: \$60,000.00

Project Title: NIMS Training

Project Description: These funds to be used to conduct in-region NIMS training using a train-the-trainer process. Two officers from each of the eight counties in Region 5 would be trained in ICS300 and ICS400 as well as the train-the-trainer course. An instructor from EMI in Emmitsburg, MD would be used for this project.

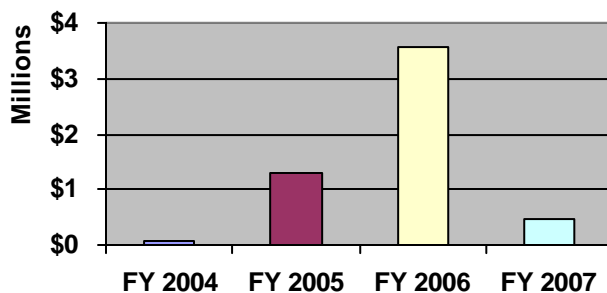

2006 Funding: \$20,000.00

Project Title: NIMS and NRP

Project Description: Strengthen NIMS and NRP

2007 Funding: \$275,000.00

Project Title: Project F EMPG

Project Description: Enhance emergency/disaster preparedness, response

Homeland Security Grant Program and UASI Allocations

and recovery activities through integration of NIMS into existing emergency management programs, plans and procedures. Complete NIMCAST baseline assessment and use assessment to develop NIMS implementation plan. Conduct appropriate levels of NIMS training to first responders.

2006 Funding: \$74,121.00

Project Title: Project F - Enhance Emergency Planning and Management

Project Description: The OA and UASI must continue with NIMS integration into local and county Emergency Management Programs, including emergency plans, emergency operations centers (EOC) upgrades, emergency management software, business continuity plans and hazard mitigation plans. This investment will enhance current County Business Continuity Plans and Hazard Mitigation Plans through comprehensive plan updates incorporating all hazards and business operations. Hazard Mitigation Plan updates will incorporate all hazards affecting Orange County and appropriate cost benefit analysis for mitigation projects. Web EOC maintenance and upgrades will also be a focus. This project will include the purchase of equipment and supplies.

2004 Funding: \$87,650.00

Project Title: HICS & NIMS: A Forum on Hospital Incidents

Project Description: Hospitals in 2006 must become NIMS compliant.

However, most hospitals and other healthcare facilities are neither aware of the expectation, know what must be done or how the new Hospital Incident Command System (HICS) can help meet some of the requirements. The proposed seminar will provide needed incite on NIMS requirements, how these expectations can be met and details about the new HICS and accompanying tools and educational materials. To optimize the availability of the training it will be presented 3 times; once in each jurisdiction. This is one of 4 continuing education programs included in the Methods and Materials for Increasing National Capital Region Hospital and Public Health Emergency Preparedness.

2005 Funding: \$39,077.00

Project Title: NIMS Training

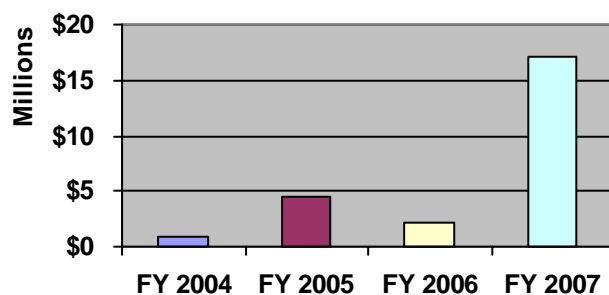

Project Description: Provide training opportunity in the District to adequately certify personnel in ICS 300 and/or 400.

Project Title: NIMS compliance/enhance response teams

Project Description: NIMS requirement to identify resources, have procedures for tracking & managing, assess resources & mutual aid to ensure capabilities for response & recovery, avoid duplication of services, have capabilities to obtain nearest, most efficient resources available to each jurisdiction

2005 Funding: \$160,000.00

Project Title: National incident Management System/National Response Plan, NIPP implementation

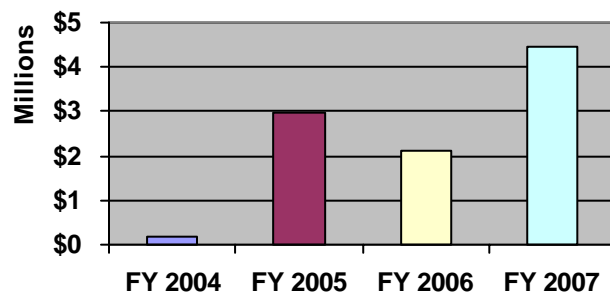

Project Description: Homeland Security Presidential Directive (HSPD) 5 established ambitious deadlines for NIMS adoption and implementation in which FY05 is a start up year. The FY05 HSGP guidance states that awardees should start now by prioritizing to facilitate its implementation. Implementation will compliment existing systems in use. National Response Plan (NRP) is an all-discipline, all-hazards plan that establishes a single, comprehensive framework for the management of domestic incidents. Compliance in NRP will occur over a one-year period in three phases, transitional period, plan modification and initial implementation and testing.

2005 Funding: \$114,100.00

Project Title: Region 1 National Incident Management System Compliance

Project Description: This Project will address multiple jurisdictions through the Homeland Security Regional concept, by allowing for outreach and education efforts

Homeland Security Grant Program and UASI Allocations

to jurisdictions within the Region, to provide resources for planning to address short and long-term strategies for National Incident Management System compliance based on current state and federal guidance and in light of any updated guidance received during the performance period.

2006 Funding: \$106,347.00

Project Title: State support to NIMS/NRP Implementation Statewide Project

Project Description: This project provides the resources for the SAA to management and implement strategies, procedures and initiatives to continue statewide progress to comply with NIMS requirements and to ensure the modification of plans and training to coordinate with the NRP and HSEEP requirements.

Project Title: Establish/Enhance emergency plans and procedures to reflect the National Response

Project Description: Update plans to reflect the National Response Plan

2005 Funding: \$331,093.00

Project Title: Adopt and implement NIMS to include integration of core concepts into plans and procedures

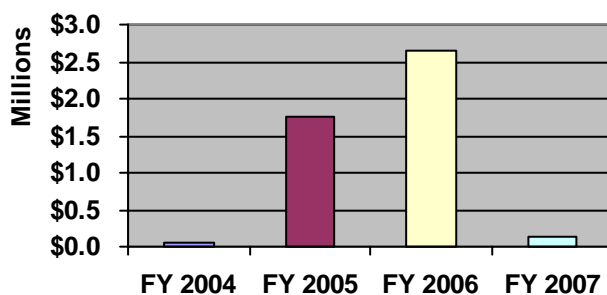

Project Description: These command vests will enhance our efforts toward compliance with the NIMS standards by allowing for easy identification of members of in the IC structure during training drills/exercises as well as in emergency incidents.

2005 Funding: \$3,304.00

Project Title: NIMS/NRP and Incident Management Team (IMT) Program

Project Description: This investment will focus on developing a scalable methodology for a multi-agency, multi-disciplinary incident management system that is practiced & followed throughout the region. It will integrate the use of all resources (i.e., people, facilities & equipment) from both inter & intra state governments & emergency response agencies, assuring effective distribution of those resources by all agencies during an incident. It will establish regional Incident Management Teams (IMT) to assist the region's emergency response agencies & support large, complex, or long-term incidents & disasters. It will create a NIMS/NRP committee whose goal & objectives will be to establish preparedness

Homeland Security Grant Program and UASI Allocations

planning, training & exercise programs that guarantee the elements of NIMS & NRP are referenced & practiced on a daily basis, during all events & by every first responder or government agency involved in the detection, prevention, mitigation, response & recovery modes of any major incident.

2006 Funding: \$335,959.51

Project Title: PASS System

Project Description: Development of personnel accountability system to improve on-site incident management. System being developed to include NIMS standard terminology for credentialing as appropriate.

Current Initiatives

Project Title: Promote further implementation on NIMS

Project Description: Promote further implementation and training of the NIIMS as defined in State Executive Order within agencies to meet federal mandate of NIMS.

2005 Funding: \$521,699.00

Project Title: Adopt and implement NIMS to include integration of core concepts into plans and procedures

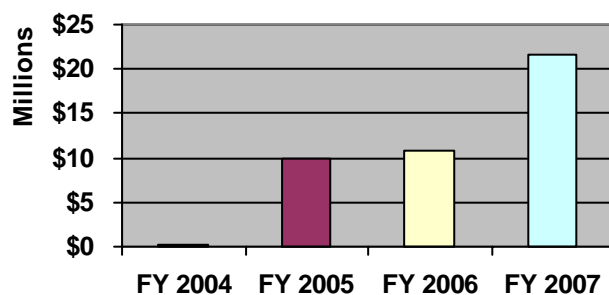

Project Description: Continue the build out of its communications platform by purchasing and installing infrastructure and end-user communications equipment. The familiarization and training for dispatchers and end-users will be necessary. We will utilize approximately \$94,000 of the award to further the implementation of NIMS and the NRP by reviewing and assessing and updating all existing emergency management plans and mutual aid agreements developed by the local jurisdictions. After the revision process has been completed the county will host a multi-jurisdictional tabletop exercise to test the implementation of NIMS within the county.

2006 Funding: \$94,800.00

Project Title: Adopt and implement NIMS to include integration of core concepts into plans and procedures UASI

Project Description: This investment's primary focus is to continue to integrate the NIMS framework into everyday business operations, to improve onsite incident management capabilities, and to ensure integration of mutual aid assets within emergency response operations. This

Homeland Security Grant Program and UASI Allocations

investment will be implemented through a cycle of planning, training, exercises, and evaluations to ensure NIMS and NRP compliance.

2007 Funding: \$9,021,686.00

Project Title: Adopt and implement NIMS to include integration of core concepts into plans and procedures UASI

Project Description: This will provide NIMS training to first responders throughout the County and ensure that the County maintains full compliance with the federal mandate. Working within the framework of the County, this will enhance the County's all hazards response capability and encourage cooperation among the multiple first responder disciplines. Additionally, this objective will support efforts to incorporate NIMS into everyday business operations. To further develop and coordinate NIMS training efforts, associated technology for training of first responders will be purchased.

Current Initiatives

Project Title: Restructure the City Emergency Management Agency and the EOC

Project Description: Restructure and reorganize the City Emergency Management Agency where we can manage all domestic incidents in the prevention, response and recovery from terrorist attacks, major disasters, and other emergencies. With this vision the Municipality of Caguas in relation with domestic incidents will be able to manage crisis and consequence as a single integrated function rather than two separated functions, in accordance with the Presidential Directive HSPD-5 and the Initial Response Plan (INRP).

2004 Funding: \$511,561.00

Project Title: NIMS/NRP Implementation

Project Description: 1. Establish a Homeland Security Board within each region.

2. Participate in NIMS resource typing initiative lead by PREMA in coordination with the SAA.

3. Complete the NIMS Awareness Course: “National Incident Management System, An Introduction” IS 700.

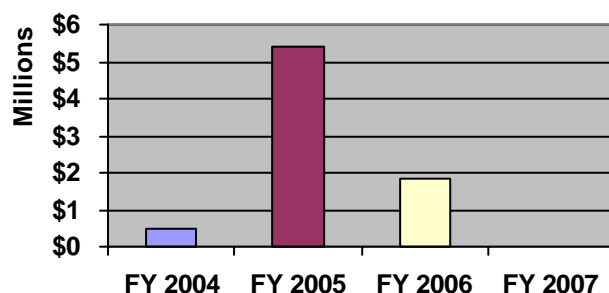

4. Complete the NRP Awareness Course: “National Response Plan, An Introduction” IS 800.

5. Complete ICS 100 and 200 Training.

6. Establish legislation, executive orders, resolutions, or ordinances to formally adopt NIMS.

7. Establish a NIMS baseline by determining which NIMS requirements are already satisfied.

Homeland Security Grant Program and UASI Allocations

8. Establish a timeframe and develop a strategy for full NIMS implementation. States and local entities are encouraged to achieve full NIMS implementation during FY05.
9. Institutionalize the use of the ICS. State, territorial, and local entities that are not already using ICS, must institutionalize the use of ICS (consistent with the concepts and principles taught by DHS) across the entire response system.
10. Implement the NRP.

2005 Funding: \$41,077.00

Total	\$24,872,684.40

Current Initiatives

Project Title: Adopt and implement NIMS to include integration of core concepts into plans and procedures

Project Description: Adopt and implement NIMS to include integration of core concepts into plans and procedures

2004 Funding: \$76,552.80

Project Title: NIMS/NRP (Training Contracted through TFS) #106

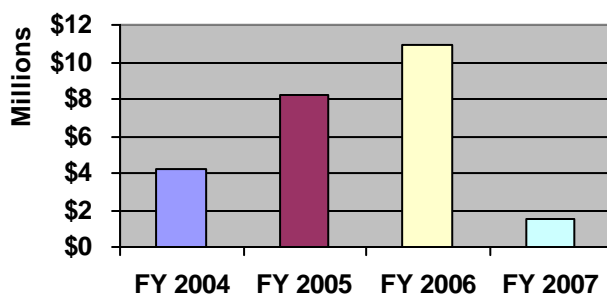

Project Description: The title of the grant/contract is "NIMS/ICS Training (NIMS/ICS) Sub-recipient Agreement" and the purpose for which the funds are being sought is: to provide personnel, equipment, and supplies to conduct National Incident Management System (NIMS) Incident Command System training courses for DPS personnel as well as state and local emergency management personnel, emergency responders, and representatives of volunteer groups active in disaster.

2005 Funding: \$84,000.00

Project Title: City of Fort Worth Incident Management Training and Homeland Security Exercise

Project Description: The goal of this training [course] is to give practical experience in large scale incident response using computer based simulation training to the jurisdictional EOC management team. The [training] exercises will incorporate incident management, decision-making and situational awareness to allow the management team to effectively and safely respond to a large scale, Type 1, 2 or 3

Homeland Security Grant Program and UASI Allocations

CBRNE/terrorism incident. (<http://www.teex.com/teex-third.cfm?area=NERRTC&templateid=180>) This project will continue to prepare our community by conducting CBRNE exercises to evaluate personnel in interoperable communications, CBRNE response, and incident management. Preparedness needs to be developed and evaluated to ensure goals and objectives are being met. This will support our regional strategy and enable us to develop lessons learned concepts and raise our preparedness levels.

2006 Funding: \$210,700.00

Project Title: MMRS Training and Exercise

Project Description: Continue NIMS compliance of plans, amplify ICS response structure, provide training in target areas and participate in regional exercise.

2007 Funding: \$20,000.00

Current Initiatives

Project Title: Develop/enhance homeland security/emergency management organization and structure

Project Description: Develop/enhance local and state emergency management capability through grants management, planning, training, exercise, and natural hazard mitigation programs.

2005 Funding: \$1,629,272.38

Project Title: Develop/enhance homeland security/emergency management organization and structure

Project Description: Manage & administer homeland security and emergency management responsibilities within the State of Utah

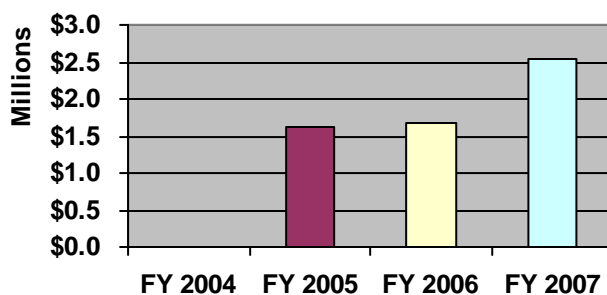

2006 Funding: \$1,687,764.20

Project Title: EOP Completion Project-Wasatch County

Project Description: The goal of this project is to update and complete the Wasatch County Emergency Operations Plan. During our participation in the Pilot Capabilities Self Assessment we found many areas of our Emergency Operations Plan (EOP) were incomplete and that our plan does not address many of the capabilities measured by the assessment. Part of the project is the training of local agency personnel, so that long term maintenance of the plan can be done without outside resources.

2007 Funding: \$36,000.00
